

Chevrolet® 396, 427, 454, 502 Big Block Valve Covers by PML

Sand-Cast Aluminum Valve Covers for Big Block Chevrolet®

- Made of strong sand-cast aluminum
- 3/16-inch thick wall
- Precision-machined 3/8-inch thick gasket flange (provides a uniform clamping force on the gasket to prevent leaks)
- Cast-in baffles for breathers & PCV valves
- Raised CHEVROLET® script and fins
- Available as-cast, black or Chevrolet orange powder coat, or polished finishes (above picture shows polished finish)
- Standard height or Tall height to fit over most roller rockers, such as Jesel
- CORVETTE® script also available (with brake booster cut out on left side)

Designed and Manufactured in USA
